Dear Hal:

The interesting thing about CE 2655, is that the report of 13 June states," Mr. Oswald has been a member of the Marine Corps and while on duty with the United States Embassy in Moscow....." This seemed a bit odd since Oswald was officially discharged from the Corps before leaving the country.

Efforts to learn the source of the background material were negative as you can see. I was wondering if you had noticed this and if so, if you had any better luck with it that I did?

Sincerely,
